Please provide any additional information about or descriptions of the supervised clinical experiences:

- Undergraduate (UG) experiences vary according to their grade level (elementary vs. secondary/K-12), but they should complete between around 700 and 900 hours overall. Here's the quarter-by-quarter breakdown:
 - ? September Experience: UGs begin their experience by spending two full-time weeks (the week before school begins and the first week of school) at their school site, which allows them to get to know the students and observe important start-of-year activities. $2 \times 37.5 = 75$ hours
 - ? Fall quarter: During "methods" quarter, UGs spend eight consecutive Thursdays at their school site beginning in October. $8 \times 7.5 = 60$ hours
 - ? Winter quarter: During "integrated" quarter, UGs endorsing in elementary ed (and special ed with an elementary emphasis) spend three days/week at their school site for ten weeks, or $10 \times 22.5 = 225$ hours, while UGs endorsing in secondary education (and special education with a secondary emphasis) will work at their sites full-time, or $10 \times 37.5 = 375$ hours.
 - ? Spring quarter: During the final "internship" quarter, all UGs should be at their sites full-time. $10 \times 37.5 = 375$ hours

Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

No Race/Ethnicity Reported	10	7

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2018-19.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2018-19

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2018-19. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

We have designed specific courses to address English Language Learners and Special Education knowledge and skills as well as refining syllabi of existing courses to include relevant and critical information. We continue to work with our partner placement districts and schools to provide experiences for our teacher candidates in diverse settings.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Please note that the goals you set last year are not pre-loaded into your report because the Department's changes to wording of the questions in this section make them incompatible for pre-loading from last year's data. Next year, your goals will be pre-loaded into your report based on the goals you enter this year.

In order to complete this section, you may find it helpful to review your goals in your 2019 report. You may download and review your 2019 report by following the following steps: 1) click the Home tab, 2) click "Academic Year 2018-19 Data" in the banner near the top of the page to expand the dropdown, and select "Academic Year 2017-18 Data," 3) Click Download Report.

1. Did your program prepare teachers in mathematics in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

To enroll approximately 5 mathematics candidates.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

The School of Education collaborates with admissions to contact students and support them in the admissions process.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Offer flexible program options for sustaining enrollment.

6. Provide any additional comments, exceptions and explanations below:

The program anticipates having 5 undergraduate student completing in 2020 and enrolling 5 graduate students endorsing in mathematics in 2020.

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Please note that the goals you set last year are not pre-loaded into your report because the Department's changes to wording of the questions in this section make them incompatible for pre-loading from last year's data. Next year, your goals will be pre-loaded into your report based on the goals you enter this year.

In order to complete this section, you may find it helpful to review your goals in your 2019 report. You may download and review your 2019 report by following the following steps: 1) click the Home tab, 2) click "Academic Year 2018-19 Data" in the banner near the top of the page to expand the dropdown, and select "Academic Year 2017-18 Data," 3) Click Download Report.

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in special education in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

To recruit special Education candidates from districts who can support their paraeducators or teachers of record on limited certificates to work in schools while earning their degrees. We seek to offer flexible program routes that include accelerated, part-time, online, blended, and certification only or master's degrees.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

Special Education candidates are increasingly drawn from districts who can support their paraeducators or teachers of record on limited certificates to work in schools while earning their degrees. We offer flexible program routes that include accelerated, part-time, online, blended, and certification only or master's degrees.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Continue to recruit and partner with districts who can support paraeducators or teachers of record to work in schools while earning degrees. We continue to offer flexible program routes that include accelerated, part-time, online, blended, and certification only or master's degrees.

6. Provide any additional comments, exceptions and explanations below:

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. ([§205\(a\)\(1\)\(B\)](#))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- Yes
- No

If yes, please specify the organization(s) that approved or accredited your program:

- State
- CAEP
- AAQEP
- Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

Use of Technology

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

We expect our candidates to use technology throughout the program. They are involved in using a variety of technologies to complete their work for courses. These include search engines, various blogging tools, word processors, spreadsheets, discussion groups, listserves, and a variety of other web 2.0 and computer-based technologies. Our faculty also model the incorporation of various technologies into coursework. As mentioned above, students are regularly engaged in assignments that require them to use technology. They also see technology used on a regular basis. Document projectors, Internet projections, a variety of animations, as well as smartboards, and other technologies are routinely used in classes they take. Since our students take many of their courses while embedded in the internship placement, they have an immediate opportunity to apply the technology they use in completing university coursework as well as what they are taught in their specific technology course.

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

There are specific courses that address working with students with disabilities. Undergraduate level: EDU 2300: EDU 4200, EDU 4250 (Strategies for Diverse Learners I and II) and EDU 2100 and EDU 2300 (Diversity in the Classroom). For the Master of Arts in Teaching program (PG), an integrated approach is taken but specifically, EDU 6132: Learners in Context and EDU 6133 Diversity, Equity and Inclusion in Education. In addition, all students are required to take EDSP 6644: Educating Exceptional Students to further prepare all students to work with students with disabilities.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Teachers take the course EDU 2300: Diversity in the Classroom that specifically prepares teachers in how to participate as a member of an IEP team. For the MAT program, students are required to take EDSP 6644: Educating Exceptional Students that meets this requirement.

c. Effectively teach students who are limited English proficient.

Teachers take the course EDU 2300: Diversity in the Classroom that specifically prepares teachers to work with students with limited English Proficiency. For the MAT program, students are required to take EDSP 6644: Educating Exceptional Students that meets this requirement.

2. Does your program prepare special education teachers?

Yes

No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Teacher Education consists of graduate and undergraduate programs. The undergraduate program is organized into four quarters, around foundations, methods, skills, and application courses. Graduate teacher education includes a two-year Master of Arts in Teaching (MAT). Teacher preparation programs at Seattle Pacific University require all teacher candidates demonstrate content, pedagogical, and professional knowledge and skills, along with meeting all endorsement competencies required for residency certification according to Washington Administrative Code 181-78A-270. All teacher candidates must demonstrate evidence of having a positive impact on student learning outcomes associated with state learning standards. A positive impact on student learning means showing evidence of student growth through effective planning, instruction, assessment, and reflection. Teacher candidates earning residency certification must demonstrate effective performance in field experience, clinical student teaching, and coursework. Assessment of effective performance in field experience and clinical teaching is done by comparing candidate performance to criteria defined in RCW 28A.405.100. Teacher evaluation criteria shown in RCW 28A.405.100 infer proficiency on professional dispositions, which are necessary for productive interactions with students, colleagues, administrators, and parents or guardians. Teacher candidates earning residency certification demonstrate proficient performance in coursework according to University requirements and widely agreed upon academic competencies and dispositions defined by the School of Education and also those standards informed by professional organizations.
